## CITY OF HANOVER ADOPT-A-PARK GUIDLINES

Thank you for partnering with the City of Hanover to improve the quality of our parks. Listed below you will find information to better serve your community. Monitoring of the park should be done on a regular basis, at least once a week during the warm season, and during winter as weather permits. The adopting individual or groups will be asked to assist with litter and debris removal, reporting any damage, and identifying any hazards in their adopted parks. The following safety guidelines are provided to participating groups for the safety of all participants:

- Organizations must provide adequate supervision for youth under the age of 18
- Prior to commencement of any project, an Adopt-A-Park volunteer should review these safety guidelines with all volunteers.
- We ask that partners not perform any activities outside physical capabilities
- The use of power tools and motor-driven equipment is prohibited
- Wear appropriate clothing and shoes, use sunscreen
- Work during daylight hours
- Beware of bees, poison ivy, poison oak and other irritants, wear repellent
- Drink plenty of liquids while working
- Be aware of traffic if working by a roadway
